

Dear Mayor/Councilor,

Our member Mayors asked us to provide solutions to their problems. We introduce;

The GLSLCI 2018/2019 Webinar Series : Resilient Municipalities.

Solutions for cities on how to protect municipalities from climate change patterns and events.

We encourage you all to register for the webinars that interest you, or all of them.
There will be 3 webinars this fall and 3 in the spring.

The first in the Series, “**Primed Places = Prime Places**” is scheduled for September 26 at 11:00 am central/noon eastern and will be presented by our partners GEI Consultants. This specific webinar is designed to provide municipal leaders with a method for tackling stresses caused by worsening weather patterns and events by building community resilience through green infrastructure and similar approaches.

REGISTER

We hope this is helpful. Please sign up and attend or have staff attend.

Kindest Regards,

John Dickert | President and CEO
