MESSAGE TO OUR MUNICIPAL PARTNERS

It is my pleasure to present the 2023 Windsor/Essex Provincial Offences Annual Report which details the operational results and financial performance that we achieved throughout the year.

The POA team members worked diligently throughout the year to meet its objectives and supported a number of new initiatives that had a positive impact on the overall business operations. Some of the key highlights include:

- ➤ A POA specific Write Off Policy was approved by council on January 16, 2023. In 2023, \$1,335,638.74 was written off under this new policy.
- ➤ The Provincial Offences Office became PCI compliant as of October 26, 2023 ensuring all our credit card transactions are processed securely and in accordance with the new City policy.
- ➤ Legislative changes were implemented which now allow for court staff to convict defendants who do not attend court which should free up time for Justices of the Peace, and court staff can now grant re-openings which should also help free up time for Justices of the Peace.
- > Successfully upgraded the Collection Agency Management System (CAMS) from version 3.18 to 3.21, which included enhanced administration features and reporting mechanisms.
- > The Windsor/Essex POA program ended the year with a net operating profit of \$1,007,689.

In 2024 the department will continue to explore avenues to improve our court processes and operating environment for the public to ensure equal and efficient access to justice. We anticipate and look forward to continued legislative changes aimed at modernizing the provincial offences court system.

Sincerely,

Chris Carpenter

Manager of Provincial Offences

SECTION A – BACKGROUND & OPERATIONAL ACTIVITIES

In 1998, the province enacted Bill 108 which amended the Provincial Offences Act ("POA") thereby enabling it to transfer various responsibilities of the POA Court system to municipalities across Ontario. Offences governed by the POA are regulatory in nature created pursuant to provincial statutes such as the Highway Traffic Act, the Compulsory Automobile Insurance Act, the Liquor License Act, and the Trespass to Property Act, to name a few. The transfer of POA responsibilities included court support and administration functions, the prosecution of ticketed offences under Part I of the POA (with the more serious charges under Part III continuing to be prosecuted provincially), as well as the collection and enforcement of most fines. Part II matters (also known as parking ticket) and the collections of those tickets are handled by the Parking Enforcement division of the City of Windsor under the administrative penalty system. The POA Transfer did not include criminal matters, which continue to be processed and prosecuted in a court system managed by the province.

The Windsor/Essex Provincial Offences Program ("POA Program") was created as a special-purpose vehicle to accept the transfer of POA responsibilities from the province. It functions as a self-funding, operating division of the City of Windsor ("City"), having been established for the express purpose of locally implementing the POA Transfer at the regional level.

Although rooted in legislation, the POA Program is essentially governed by a number of contracts, consisting of the following agreements:

- The Transfer Agreement between the City and the province of Ontario as represented by the Ministry of the Attorney General ("MAG"), consisting of 2 contracts, namely a generic Memorandum of Understanding ("MOU") and a Local Side Agreement ("LSA"). The Transfer Agreement sets forth the City's responsibilities and duties, inclusive of various guidelines and standards;
- The Intermunicipal Court Service Agreement ("ISA") entered into amongst the City and those other affected municipalities together constituting the Windsor/Essex Court Service Area ("Area"), which encompasses the geographic territory consisting of the City of Windsor, the County of Essex and Pelee Island. It serves to outline the roles and responsibilities of the POA Program and the 9 serviced municipalities.

The ISA provided for an initial term of six fiscal years, commencing on March 5, 2001 (the live transfer date) through December 31, 2006. The ISA has been renewed three times since the original agreement each time for a period of 5 years. The current agreement which was renewed in 2021 commenced January 1, 2022 and expires December 31, 2026.

The POA Program also has responsibility for various POA Court operations at the Leamington courthouse, where the POA Court presided the 1st, 3rd and 5th Thursday of every month prior to the pandemic. At the time of writing this report, the Leamington courthouse operations have

not resumed. The proceedings that would typically be held in Leamington are being held virtually in Windsor courts. If and when the Leamington courts open back up to in person proceedings, Windsor/Essex POA will review its operations and determine the best course of action moving forward with hosting POA matters at this location.

The POA Program provides services and facilities to various stakeholders within the administration of the justice system. These stakeholders include law enforcement personnel whose mandates entail the initiation of proceedings against defendants alleged to have violated provincial legislation and municipal by-laws, defendants and their legal representatives, victims of such violations, various provincial authorities, as well as an independent and impartial judiciary. Operations of the POA Program fall into four functional categories. These four sections together constitute the operational aspects of the POA Program:

Court Administration: This area has general carriage of the POA Court office. Responsibilities include the intake, processing, filing and preservation of charging documents (i.e. tickets) and associated certificate control lists received from law enforcement agencies; the intake of mail and allocation and processing of payments and legal documentation; tracking of on-line remittances via www.Paytickets.ca; staffing of cashier stations to handle payments and queries; generation of POA Court dockets including fail-to-respond, trial, first appearance, and Early Resolution; setting of trials; procuring interpreter services; liaising with police court services personnel; intake and processing of motions, re-openings, appeals and applications for extensions of time to pay fines; maintaining updated data in the provincial mainframe application known as the Integrated Courts Offences Network ("ICON"); enforcement of delinquent fines via driver's license suspensions; processing of daily financial matters; procurement of equipment/supplies; and overall maintenance of the operations. Due to changes enacted by Bill 177, court administration, as clerks of the court, are able to review and approve reopenings as well as extensions of time to pay and convict fail to respond matters as of November 1, 2021.

Court Support: This area is composed of POA Court monitors, being a combination of court clerks/reporters whose responsibilities include ensuring that the POA Court dockets and associated charging documents are properly presented in court; paging defendants; assisting the Justices of the Peace in arraignments and endorsements; issuing statutory warnings to defendants; generating payment slips to defendants wishing to immediately satisfy imposed fines; maintaining updated ICON data; ensuring that the proceedings are properly recorded; typing transcripts for use in appeals and other proceedings; logging and preserving exhibits including disposal of same in accordance with judicial directions or retention requirements. Due to changes enacted by Bill 177, court clerk reporters, as clerks of the court, are able to convict 9.1.b convictions for fail to respond individuals in an early resolution setting.

Prosecution: The Municipal Prosecutors appear in POA Court to call the trial list and to conduct trials, to deal with motions, to set trial dates; they meet with defendants and their representatives in conjunction with the Early Resolution process with a view to resolving matters;

they review law enforcement files to ensure that matters should be proceeded with and assist with disclosure to Defendants and their Representatives and they appear in the higher courts on both prosecution and defence appeals. Municipal by-law matters are heard in POA court and each municipality prosecutes their own by-laws. In 2023, Part III matters under the POA remained the prosecutorial responsibility of the Crown Attorney's office &/or specialist Prosecutors provided by various ministries.

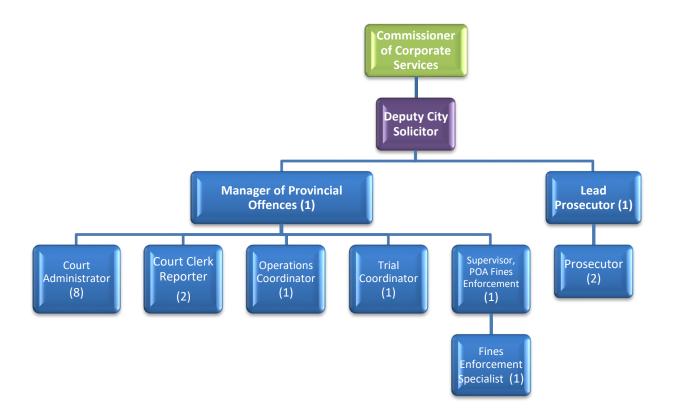

On December 14, 2017, Bill 177 – Stronger, Fairer Ontario Act - was passed by the Legislative Assembly of Ontario that enables the Attorney General to enter into agreements with municipalities to transfer responsibility for certain prosecutions currently prosecuted by the Ministry's Criminal Law Division under Part III of the POA. Based on the current wording of the legislation, a Part III transfer is permissible, but not mandatory, and municipalities have made it clear to the Ministry that taking on this transfer would need to be approved by their respective councils. If Part III offences are transferred to the municipalities, the Crown Attorney's office will continue to monitor the more serious cases. Based on a preliminary review of the statistics regarding Part III matters, it is expected that an additional prosecutor would need to be added to the permanent staff establishment. Further incentives would need to be provided in order to recommend the transfer to Council. The prosecution of City of Windsor By-laws was transferred to the POA Municipal Prosecutors from the Legal Department in 2017. The Municipal Prosecutors are also prosecuting charges laid by any of the Fire Services in Essex County.

Fines Enforcement (Collections): One POA Fines Enforcement Supervisor along with one POA Fines Enforcement Specialist are responsible for ensuring that POA Court judgments, being orders imposing monetary penalties, are honoured by defendants including seeing to it that certificates of default are prepared and filed in a timely fashion at the Superior Court of Justice; for sending out dunning letters; for locating and meeting with defendants having defaulted fines and making arrangements for collecting; for ensuring that writs of seizure and sale and garnishments are proceeded with in appropriate cases; for attending on judgment debtor examinations primarily at the Small Claims Court level; for filing proofs of claim with trustees in bankruptcy and estate trustees; and for liaising with collection agencies and credit bureaus with which the POA Program has relationships.

The Windsor POA facility also houses a satellite office of the Police Court Services Branch. Among other things, that office works closely with the Prosecutors to ensure that law enforcement files are available for use at trials, at Early Resolution meetings and on appeals. The Court Services office also advises Police Officers of trial dates, summons lay witnesses, arranges for personal service of court documents, provides disclosure to Defendants and their legal representatives and procures necessary official documentation for use in court as evidence.

An organizational diagram of the POA Program is included and identified as CHART A-1, which was in effect at the end of the subject reporting period.

SECTION B – LIAISON COMMITTEE

The ISA calls for the setting up of an administrative advisory panel, being the Windsor/Essex Court Service Area Liaison Committee ("Liaison Committee"), composed of one representative from each participating municipality. Among other items, the 10-person Liaison Committee:

- Serves as the liaison between the City and the 9 Serviced Municipalities on all matters relating to the operation of the POA Program
- Reviews all reports submitted by the Commissioner of Corporate Services and Deputy
 City Solicitor in conjunction with the Manager of Provincial Offences and makes
 recommendations to the operations of the POA Program
- Reviews and recommends for approval the annual budgets
- Generates an annual report for review by the respective councils of the participants

By virtue of the ISA, each party municipality provides a member of its administration as its Liaison Committee representative, with the Windsor representative currently being the Commissioner of Corporate Services. The latter is also the Chair.

For 2023, the final composition of the POA Liaison Committee was as follows:

MUNICIPALITY	MEMBER	POSITION
Amherstburg	Tracy Prince	Director, Corporate Services/CFO
Essex (County)	Melissa Ryan	Director of Financial Services/Treasurer
Essex (Town)	Kate Giurissevich	Director, Corporate Services/Treasurer
Kingsville	Ryan McLeod	Director of Fin. & Corp. Services/Treasurer
Lakeshore	Justin Rousseau	Director of Finance/CFO
LaSalle	Dale Langlois	Director of Finance/ Treasurer
Leamington	Laura Rauch	Director of Finance & Business Services
Pelee	Michelle Feltz	Treasurer/Tax Collector
Tecumseh	Tom Kitsos	Director of Financial Services/CFO
Windsor	Dana Paladino (Chair)	Commissioner of Corporate Services
Windsor	Chris Carpenter	Manager of Provincial Offences

The Liaison Committee is mandated by the ISA to convene at least twice annually. In 2023, there were two meetings that were held on the following dates and locations:

SECTION C – CASELOADS & STATISTICS

The POA Program's caseload is dependent upon charges laid by professional law enforcement personnel and agencies. The workflow of the POA Program commences with the initiation by Police and other Officers of legal proceedings against alleged violators of provincial legislation and municipal by-laws. Legal proceedings are instituted by personal service upon the defendant by either a Provincial Offence Notice (also known as a Part I ticket) or a more formal Summons to Defendant requiring attendance at court (also known as a Part III ticket). These charges are ultimately disposed of by an independent and impartial judiciary presiding in the form of the POA Court. Pursuant to Part X of the POA and the Transfer Agreement, the POA Program receives fine revenue from Part I and Part III charges, provided that the fine revenue is not "dedicated" to some special purpose. Further detailed distinctions are possible, as indicated below:

- Charges laid by traditional Police forces, being local police services including the OPP: all fine revenues belong to the POA Program virtually without exception unless the charges are laid under federal legislation or under certain municipal bylaws
- Charges laid by specialized Police forces, such as the OPP contingent securing Casino Windsor: for the most part all fine revenues belong to the POA Program, unless charges are laid under federal legislation (for example by the CNR or CPR police under the Railway Safety Act of Canada)
- Charges laid by specialized agencies and most Provincial Ministries, for example the Ministry of Labour under the *Occupational Health and Safety Act*: for the most part all fine revenues belong to the POA Program, unless there is statutory dedication
- Charges laid by Municipal Inspectors and Police Officers under bylaws (e.g. licensing, zoning, noise, prohibited turns, parking, etc.) and provincial statutes (e.g. Building Code Act): the fine revenues belong to the charging municipality, with the POA Program receiving no compensation for services rendered and facilities made available, other than relatively insignificant court costs/fees
- Charges laid under federal enactments, or by certain Provincial Ministries or bodies in situations where the fines are statutorily "dedicated" to special purposes: the POA Program receives no fine revenue or other compensation for services rendered and facilities made available, other than relatively insignificant court costs/fees.

In 2023, the POA Program took in a total of 28,213 charging documents, for a monthly average intake of approximately 2,351 tickets. TABLE C-1 which follows below shows the charging volume for each agency and the year over year percentage change.

NOTE: The numbers and/or percentages of charges do not necessarily translate into more or less fine revenue generation. The quality of the charges is important along with the final resolution of the fines.

External Benchmarking of Caseloads

Windsor experienced an increase in overall charges for 2023 with an 26.4% higher ticket volume than 2022. The majority of growth seen in 2022 was the result of the Red Light Camera (RLC) program coming online. Although the number of RLC tickets issued in 2023 did increase by 832 (15.6%) this only represents 14% of the total increase for 2023 (5,889 more tickets). TABLE C-2 below provides details on the charging volumes of various municipalities as well as Windsor and the total provincial charges filed.

Operational Statistics

As shown above, our ticket volume increased by 26.4% to 28,213. In addition to the POA Program's caseload being dependent upon charges laid by professional law enforcement personnel and agencies, our ability to try cases is dependent on the amount of judicial resources made available to us. That is to say, the number of hours a Justice of the Peace is available to sit in our courts. Although our ticket volumes increased, we also experienced the following:

- \$5,419,699 in fines paid (2022 \$5,682,011) down 4.6%
- 1,098 courtroom operating hours (2022 1,484) down 26%
- 5,088 Early Resolution meetings (Part I) (2022 4,783) up 6.3%
- 33,411 Matters heard in court (Parts I & III) (2022 40,890) down 18.3%

It is clear that even with the number of tickets increasing, our production is restricted due to insufficient courtroom operating hours. TABLE C-3 below shows that, for the most part, in areas where revenue has grown, court hours have also grown.

NOTE: Many factors influence the amount of revenue generated. Delinquent fine rates, dispute rates, rates of extension requests, number of dedicated fines etc. all impact overall revenues. The intention of the below chart is to show that year over year change in court hours impacts year over year revenues.

A decrease in court room hours has had several operational impacts on the POA program.

There is insufficient court time to facilitate the number of new charges leading to a backlog of cases. This backlog results in charges exceeding 18 months between the time of the charge being issued and the conclusion of the trial. As a result, charter applications have been received which consume a considerable amount of resources. Often a viable rationale for the delay, beyond citing a lack of judicial resources, cannot be mounted and the charges have to be dropped.

With limited court hours less matters can be dealt with each year. In 2023, 33,411 events were heard compared to 40,890 events in 2022 (a decrease of 18.3%). The number of events heard in 2021 were 46,883 representing a 12.8% decrease from 2021 to 2022. Over this 2-year period, the number of events heard in court dropped by 28.7%.

At this time, the greatest barrier to revenue growth is the lack of court room hours. In an effort to make the most effective use of court time a focus has been put on early resolution meetings as they take much less court time per matter. Early resolution meetings increased 6.3% year over year and will continue to be a focus of the POA Program. Part 1 offences can be paid without going to trial. Approximately 46% of the 24,496 part 1 offences issued in 2023 were paid without going to trial. In 2024, the POA office will be reviewing options to encourage the prepayment of tickets to reduce the demand for court hours.

The POA office has also been advocating to have more Justices of the Peace appointed and assigned to Windsor. On January 29, 2024, the Ministry of the Attorney General announced the appointment of two additional Justices of the Peace for Windsor. These Justices will take approximately one year to complete their training. In addition, our Local Administrative Justice of the Peace Renaud has advised by September of this year, two additional Justices of the Peace assigned to Windsor will have completed their training. Justice Renaud has estimated that these two Justices will result in one additional court day per week. Assuming total ticket volumes are

maintained, this increase in judicial resources should result in increased revenue for 2024.

Red Light Camera (RLC) Offences

Red Light Cameras became operational in Windsor in January of 2022. A red light running camera is a type of traffic enforcement camera that captures an image of a vehicle that enters an intersection during a red light.

The key reasons why municipalities have installed cameras are to change driving behaviour, reduce angled collisions, and increase safety.

Below are the statistics for the second operational year of Red Light Cameras. The program produced a net profit of \$1,009,138 for the 2023 year and the offences made up 21.8% of the overall tickets received. Please note that this net revenue figure includes expenses directly related to the RLC program (such as camera rental charges and JPC fees) and does not factor in shared operating expenses such as staffing costs, office supplies, etc.

Ontario Regulation 355/22 under the Highway Traffic Act allows for the use of Administrative Penalties (AP) for vehicle-based offences captured by automated enforcement systems such Automated Speed Enforcement and Red Light Cameras. APs are an alternative method to adjudicate these offences outside of the traditional POA court system. APs are penalties imposed directly by the municipality and are intended to encourage compliance without the need for a more serious judicial procedure. As APs are administered by the municipality, the appeal and payment process are considered to be more customer friendly. The penalty revenue goes directly to the municipality. The intention of the AP approach is to move offences that are considered less serious out of the POA system to allow POA resources to be focused on more serious offences. The suitability of the AP process for the existing Red Light Camera program is being explored by the City of Windsor's administration.

A separate Red Light Camera information report relating to the success of changing driving behaviors, reducing angles collisions and increased safety will be brought to Council from the City's Traffic Operations Department.

SECTION D – DEFAULTED FINES ENFORCEMENT

Under the Transfer Agreement with MAG, the responsibilities of the City include the collection and enforcement of POA fines for and on behalf of the area. The POA Fines Enforcement area currently has two full-time employees.

Ongoing efforts to enforce defaulted fines continue to be aggressive and at the same time very challenging. Enforcement constitutes a highly labour-intensive activity which consumes a lot of resources and time. There are a variety of enforcement tools that are readily available and frequently used by the collection staff in order to encourage payment and/or to legally enforce payment of defaulted fines. Some of these include:

- Selectively adding defaulted fines to the tax roll of sole property owners for collection pursuant to section 441.1 of the Municipal Act.
- Registering Certificates of Default with the civil court having monetary jurisdiction, thereby constituting deemed orders or judgments for enforcement purposes.
- Filing and maintaining wage garnishment proceedings where the employer has been identified and the offender's employment status has been verified.
- Use of Collection Agencies. In addition to skip tracing and making the usual contacts with debtors, our collection agencies have reported numerous defaulters to the major credit bureaus, thereby impairing the creditworthiness of the offenders.
- Filing and maintaining Writs of Seizure and Sale with sheriff's offices, thereby erecting judicial liens against present and future proprietary interests.
- Driver's License suspensions and plate denials under various statutes and regulations.
- Intercepting indemnity deposits with permit-issuing City departments, by redirecting the indemnity refunds to POA where the indemnitors have defaulted fines
- Exercise of prosecutorial discretion to encourage defendants presenting themselves with fresh charges, to finally honour monetary sentences previously imposed by the POA Court.

Although not frequently used due to operational challenges and privacy legislation, there are other enforcement tools that can be applied to ensure collection efforts are maximized:

- Examinations-in-Aid of Execution, whereby judgment debtors may be examined in depth as to their abilities and means to make good their monetary obligations including being compelled to fully disclose their assets, liabilities, sources of income, bank accounts, RRSP's etc. (this tool is rarely used as our Collections staff would have debtors not attend their scheduled appointments and those that would attend did so because they had no ability to pay).
- Contempt hearings where debtors have refused or neglected to attend on examinations-in-aid.
- Garnishment proceedings whereby bank accounts, rentals from tenants etc. are

- attached as information and used for enforcement (the more commonly used enforcement tool is the garnishment of wages which is discussed later in this report)
- Monitoring of death notices in the hopes of collecting from estates.
- Encouraging revocation of CVOR certificates in liaison with the Ministry of Transportation, respecting businesses making use of commercial motor vehicles whose operations perennially default on fines.

Active Collection Efforts

We recognize the fact that the POA department has little to no control over charging volumes therefore considerable efforts and resources are redirected towards implementing an active and aggressive collection model and procedures. The results of these efforts are summarized in the following sub-sections below.

Municipal Tax Rolling

Under Section 441.1 of the Municipal Act, 2001, a local municipality is permitted to add any part of a fine for a commission of a provincial offence that is in default under section 69 of the Provincial Offences Act to the tax roll for any property in the local municipality for which all of the owners are responsible for paying the fine. Accordingly, a Defaulted Fine can only be added if the offender in default is the sole owner of the property. The Defaulted Fine is collected in the same manner as municipal taxes at the request of a municipality.

The tax roll process continued to be a supplementary collection tool to utilize in 2023. An additional 3 accounts were added in 2023 with a dollar value of \$9,457.50. We also collected \$3,132.50 through this method of collection in 2023 from accounts added in prior years.

Garnishment of Wages

The process of finding where an offender is employed is one of the most challenging tasks due to the limited amount of information that is available to our staff. In many cases the offenders are either unemployed, working for cash, or on some form of assistance which cannot be garnished.

However, when employment is confirmed and the garnishment documents are in place, it becomes one of the most effective enforcement tools. In 2023 we initiated 20 new garnishments and collected \$42,394.46 in revenue from all garnishments.

3rd Party Collections

On July 1, 2021, changes to our 3rd party collection vendors were made as a result of an RFP issued in late 2020. Three collection agencies, General Credit Services, International Credit Experts and Gatestone, were procured. Table D-1 summarizes the year over year results of third party vendor collection of POA fines.

Table D-1: Third Party Agency Collection Summ	Table D-1: Third Party Agency Collection Summary- Year Over Year Comparison												
Description	As of December 31, 2023	As of December 31, 2022	Increase/ (Decrease)										

There was an increase of \$177,078 in collected revenue from Third Party Agencies in 2023 compared to 2022. With the current 3rd party collections agencies procured in July of 2021, we have seen a significant increase in revenue as the old cases were redistributed to new agencies in 2021. Revenue from 3rd party collections represents approximately 17% of overall revenue collected in the year.

Fines Paid at Service Ontario

All defendants who have suspended driver's licenses due to POA offences have the ability to pay their outstanding POA fines at Service Ontario. This allows the individual to obtain their license back immediately as they pay their outstanding fines and the re-instatement fee due to the Ministry and their license is re-instated on the spot.

In 2023, 1,729 fines were collected at Service Ontario through this program. From these payments, revenue of \$563,448.13 was received. This continues to be a positive and efficient method of collecting defaulted fines that may have not have been collected otherwise.

In May of 2017, a plate renewal program was implemented by the Ministry of Transportation (MTO) whereby all outstanding defaulted driver fines have to be paid in full before one can renew their plates. All Red Light Camera Offences fall under this program. Therefore, anyone who does not pay their RLC offence will be required to pay before renewing their license.

In February of 2022, the provincial government made a decision to eliminate the costs associated with renewing license plates. Plates will still need to be renewed every one or two years — to ensure car insurance and any outstanding tolls or municipal fines are paid — but it will be free to do so with no sticker required. The full impact of this decision cannot be quantified at this time but it is assumed that it will cause a decrease on the number of offences issued for expired plates and will cause a delay in the requirement for people to pay their fines.

Outstanding Fines Paid

Regardless of how effective the active collection efforts are, there remains a significant number of outstanding fines. As of December 31, 2023, there were approximately 64,091 records of unpaid fines for a total outstanding amount of \$44,715,391. (See Table D-2 for further details). The significant number of outstanding fines is not just a Windsor specific issue; it is experienced province wide.

Total	\$44,715,391	-18.2%	\$45,060,290	0.4%			

Many of these older fines (i.e. pre-transfer) have been 'scrubbed' multiple times and all reasonable and appropriate measures to collect have been made. A POA specific write off policy was approved by Council in January of 2023 and \$1,335,638.74 was written off in 2023 (reflected by the decrease in the number and value of pre-transfer unpaid fines). Final account write offs are finalized by the Ministry in a batch process that gets completed in September of each year.

It's important to note that a write-off policy refers to the cessation of active fine collections and is done for accounting purposes only. It does not absolve a convicted offender from the requirement to pay a fine, as debts to the Crown are owed in perpetuity and are never forgiven.

The POA office will be undertaking another review in 2024 and widen the criteria for fines that can be written off. The ultimate goal is to use write offs to both create an accurate picture of outstanding fines that have the potential to be collected and to better focus our collection efforts on outstanding fines that have a higher likelihood of being collected.

SECTION E – FINANCIAL RESULTS

The negotiated financial arrangement underpinning the POA Program is in essence a partnership, under which the participating municipalities annually share approximately \$1.1 million of net revenue or "profit". The City, as the managing partner, front-ends the operation and collects and enforces the monetary fines imposed by the POA Court. From the total revenue derived, all operating costs pertaining to the POA Program are deducted. These costs include such things as staff salaries, Windsor Police court security, facility rent and maintenance, office equipment and supplies, Victim Fine Surcharge remittances, and the adjudication expenses associated with running courtroom proceedings. The net revenue is then shared amongst the signatories to the ISA in proportion to their respective weighted assessments (See SECTION F for more details). In 2023 the net profit was allocated as follows:

TOTAL	100.00%
City of Windsor Contribution	<u>48.660%</u>
Pelee Contribution	0.287%
County Contribution	51.053%

In an extremely challenging economic environment and recognizing that fine imposition amounts have not been indexed for inflation, the POA Program still enjoys a successful self-funding model, delivering a net positive revenue budget which benefits all of our local taxpayers. Each benefiting municipality is free to allocate its respective portion to such municipal purposes as deemed appropriate by the elected council thereof.

TABLE E-1 provides a high level five-year financial summary which can be used for internal benchmarking and comparative purposes.

There are a number of factors that must always be taken into consideration when reviewing the financial results for any fiscal year, as well as when projecting potential results for subsequent reporting periods:

- A ticketing and the laying of charges are outside of the POA program's control.
 Additionally, issues such as lack of judicial resources is also beyond our control.
 Although the POA Program has other sources of revenue (notably aggressive enforcement efforts targeting old or defaulted fines) the bulk of receipts is highly dependent upon the number, type and quality of new charges laid, as well as the attendance of trained officers at trials in disputed cases.
- Another significant and uncontrollable external revenue factor is the number of fines imposed by an independent and impartial judiciary in the exercise of their discretionary sentencing functions, in the event of the entering of convictions.
- The POA Program is highly vulnerable to certain uncontrollable external expenses, notably the provincial charges for Victim Fines Surcharges, adjudication and those for Part III prosecutions, both of which are mandated by the Transfer Agreement.

SECTION F – REVENUE DISTRIBUTION DETAILS
