

Administrative Report

Office of the Director of Transportation Services

To: Warden Tom Bain and Members of County Council

**From: Tom Bateman, P.Eng
Director of Infrastructure Services/County Engineer**

Date: February 21, 2018

Subject: Tender Summary – 2018 Structure Rehabilitations (2)

Report #: 2018-0221-IS-R007-TRB

Purpose

The purpose of this report is to provide County Council information and recommendations pertaining to e-tender results for a bridge rehabilitation project to be undertaken as part of the 2018 Rehabilitation Program.

Background

The approved 2018 Rehabilitation Program includes the rehabilitation of the County Road 12 Bridge over the McLean Drain.

The scope of work on this project includes the replacement and repair of the concrete wing walls, repairs to the underside of the concrete bridge deck and abutments as well as pavement preservation. The proposed works will not require a road closure as temporary traffic control signals will be utilized to maintain a single lane of traffic over the bridge for the project's five week duration.

The location of this project is shown on the attached map. (Appendix 1)

Discussion

The bridge projects included in the 2018 Rehabilitation Program involve complex work requiring specialized operations for repair and rehabilitation of

Tender Summary – 2018 Structure Rehabilitations (2)

the bridge super structures over navigable waterways with some located within provincially significant Wetlands. Recognizing the complex and sensitive nature of the work a prequalification process for contractors was utilized.

Sixteen firms met the prequalification requirements and were subsequently invited to submit e-tenders for the projects. The contracts provide liquidated damages intended to provide schedule compliance.

Tender results were slightly above the Engineer's estimates however within the project budgets. The aggressive bidding is attributable to the early release tender process and the proposed timing of the works anticipated to proceed during the spring months.

The following is a summary of the tenders received.

All amounts do not include H.S.T.

1. County Road 12 – Bridge over McLean Drain

Engineer's Estimate	\$190,000.00
Front Construction Industries Inc.	\$193,200.00
Intrepid General Ltd.	\$202,996.61
SLR Contracting Group Inc.	\$207,870.00
Coco Paving Inc.	\$244,000.00

Recommendation

The e-tenders were reviewed for compliance with specifications. There were no errors in the tender submissions.

It is recommended that the tender be awarded as follows:
